### Biomedical Engineering Online

The College of Biomedical Engineering and Technology, CBET Nigeria, an arm of Nigerian Institute for Biomedical Engineering, NIBE in collaboration with the Association of Biomedical Engineers and Technologists of Nigeria, NABET and International Federation for Medical and Biological engineering, IFMBE is proud to present the Online Biomedical Engineering Courses. These are a practically-oriented, e-learning series of courses that use a combination of online teaching and face-to-face workshops to equip the biomedical engineering professional with the required knowledge and skills for practice

The course, which commenced since March 04, 2019, is composed of 24 modules. The course is proudly powered by the ABC Info-Med Technology on behalf of the College of Biomedical Engineering and Technology.

### The 2020 Career Development Course of CBET holds in Kano, Nigeria

The College of Biomedical Engineering and Technology (CBET) announces her 2020 Career Development Course holding in Kano, Kano State, Nigeria between April 12 and 18, 2020 at the Aminu Kano Teaching Hospital, Kano, Kano State, Nigeria.

The course is an annual event which brings the participant's technical and professional knowledge up to date with current views of biomedical engineering at a global level. The 2020 is divided into five parts: Part A = Fellowship of CBET; Part B = Advanced Biomedical Engineering; Part C = Intermediate Biomedical Engineering; Part D = Basic Biomedical Engineering; and Part E = Foundation Biomedical Engineering.

It is expected that participants would be able

to apply the knowledge acquired to the development and advancement of biomedical engineering & health of Nigerians, Africans and other nationalities.
